2. Who continued to study the Law and why did they do it? Where is the principle taught in the New Testament (Neh. 8:13)?

3. What were the leaders doing in 11:1?

4. Nehemiah 12:44 states that "Judah rejoiced over the priests and Levites who ministered" (NKJV) or "Judah was pleased with the ministering priests and Levites" (NIV). Does this mean the priests and Levites did what pleased the people or that the people were pleased with what they did? Explain.
